Professional Experience

Software Development Engineer (SDE) – LTIMindtree

December 2024 – Present

- Contributing to enterprise software development in a collaborative team environment.
- Following SDLC, code reviews, and agile practices

Technology Virtual Experience Program – Deloitte

September 2022 – October 2022

- Executed industry-simulated tasks in software development, cybersecurity, and data analysis, enhancing problem-solving skills and technical expertise.
 - Developed structured workflows and professional problem-solving approaches to improve project efficiency.
-

Education

Bachelor of Technology (B.Tech) in Computer Science, Noida Institute of Engineering and Technology, Greater Noida
November 2020 – October 2024 | CGPA: 7.9

Projects

Intellichat – AI-Powered Full-Stack Application

June 2024 | [GitHub](#) | [Live Demo](#)

- Developed an AI chat platform facilitating brainstorming, learning support, and language translation, enhancing user engagement and productivity.
- Implemented secure user authentication and session management to ensure data privacy and security.
- Prioritized clean code, maintainability, and user-centric design to improve user experience and application scalability.

Hand Gesture-Based Volume & Brightness Controller

April 2022 | [GitHub](#)

- Engineered a computer-vision system enabling control of volume and brightness through hand gestures, providing a touchless interface.
 - Enabled real-time gesture recognition with visual feedback, improving usability and responsiveness.
-

Technical Skills

- Programming Languages: Java, JavaScript, Python
 - Web Development: HTML, CSS, MERN Stack, Tailwind CSS
 - Databases: MongoDB, MySQL
 - Tools & Platforms: Git, GitHub, VS Code, Google Cloud Platform
 - AI & Machine Learning: Prompt Engineering (ChatGPT)
-

Certifications

- Google Cloud Fundamentals: Core Infrastructure – [Coursera](#)
 - Essential Google Cloud Infrastructure – [Coursera](#)
 - Elastic Google Cloud Infrastructure – [Coursera](#)
 - Introduction to Big Data – [Coursera](#)
 - Prompt Engineering for ChatGPT – [Coursera](#)
-

Achievements & Leadership

- Led a team at LTIMindtree Kalinga Campus for training projects, demonstrating leadership, strategic planning, and teamwork skills.
-

Additional Information

Languages: English (Professional), Hindi (Native)

Strengths: Problem Solving, Logical Thinking, Team Collaboration
